Kindergarten Unit 3

Let's Celebrate!

Central idea: Throughout time, the world has celebrated holidays and traditions differently.

In Unit 3, students learned about the many different holidays and traditions throughout our world. Kindergartners learned about which holidays are celebrated in different parts of the world, how they are celebrated, and how celebrations have changed over time from the past to the present. Students were able to do many engaging activities and crafts related to Thanksgiving, Christmas, Kwanzaa, Hanukkah, and Las Posadas!

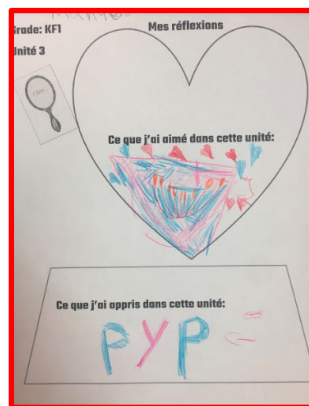

Lines of Inquiry

An inquiry into how people lived long ago

An inquiry into how they celebrated Holidays (Thanksgiving) long ago

An inquiry into how we celebrate Holidays (Christmas and other end of year Holidays) now

An inquiry into why we celebrate those Holidays

KF1 students reflected on what they loved and learned in Unit 3!

KS2 wrote out their New Year's resolutions!

Upcoming Unit

In this upcoming unit titled "Exploring the World with Our Senses!" students will be learning about their five senses - touch, sight, sound, taste, smell, and touch. Students will also inquire into what textures are and learn about the feeling of various materials.
